Mr. Denny Mathiason
Gleeson Constructors, Inc.
P. O. Box 625
Sioux City, IA 51102

Dear Denny:

We would like to thank you for a job well done during construction of our dock facility and also for an outstanding job helping us prepare for relocation of shipping equipment over the Easter weekend. The planning, relocation, and then startup on Tuesday went extremely well. All of your people are to be commended for a job well done. Their great workmanship shows in the end result. We were able to make our transition to the new dock without delay.

We also thank you for the excellent cooperation during the construction period. Our ability to work together enabled us to continue shipping during the entire construction period which was critical.

We sincerely thank all of your people for their efforts.

Yours truly,
